

Equipment, Design & Manufacturing

Scaled Solutions design and build all of the test rigs used in their laboratories, from routine testing rigs to complex highly innovative R&D rigs for individuals projects

How our services can help you

Cutting-Edge Equipment

- Unique rig design
- High pressures
- High temperatures
- Custom made software
- Custom built rigs
- Built to order

Reliable Service

- Expert knowledge
- Worldwide shipping and training
- Tested to EMC, LVD and FCC regulations
- Long lead time items held in stock

Ongoing Support

- Worldwide support
- Extended warranty available
- Service contracts

Core Flood Rigs

- Vertical or Horizontal Mounting
- Standard / Gas / EOR / High Pressure

Dynamic Scale Rigs

- Up to 10,000psi, 200° C
- Exotic Scale Models

Naphthenate and Emulsions Rigs

Corrosion Test Equipment

Jet Impingement Apparatus

Asphaltene Flow Rig

Wax Flow Loop

Product Stability Loop

Compatibility Cells

High Pressure Autoclaves

Dual Purpose Rigs

Mixed Gas Distribution Manifolds

Training and Support

When you buy a new rig from us we will offer support to help you with your new equipment. We offer 5 or 10 day training options as standard or you can ask us about individually-tailored training courses to gain an in-depth knowledge of the science and theory behind the equipment.

Have your staff spend time on-site with our expert team of staff learning how to conduct testing and interpret results within our world renowned laboratories.

Truly Independent Laboratory

At Scaled Solutions, our mission is to be recognised worldwide through our independent specialised laboratories as the leading supplier of bespoke equipment, training, consultancy and provider of solutions to challenges in Production Chemistry, Corrosion and Formation Damage.

We aim to exceed our customers' expectations and improve our service to our customers on a continual basis through our key values: team work & communication, openness & transparency, continual improvement and trust.
